NORTH IOWA HIGH SCHOOL

STUDENT HANDBOOK

Welcome to the 2017-18 school year at North Iowa High School! North Iowa High School has a strong history of excellence and pride in academics and extra-curricular activities. We invite you to be an integral and active part of our proud high school tradition. This handbook provides important information for students and parents in regards to the high school. The policies and procedures in this handbook have been carefully prepared and designed to provide a positive and safe learning environment for all high school students. Students and parents are responsible for being familiar with the various policies and expectations provided in this handbook. We encourage you to take advantage of the educational opportunities offered by North Iowa High School. High school is a preparation for your adult life - whether it is work, college, military - and an opportunity to develop a positive reputation and character. As our mission states, teachers and staff are here to “link students with success” and provide an excellent education. We hope that you agree and do your best to fulfill this goal. Make your school year positive and successful, and be proud to be a BISON!

Educationally yours,

Keri Bergeson
High School Principal

5th period – 11:28-12:10

9th period – 3:01-3:30

Credits

N.I.H.S. uses a semester system for formal assessment of students. Credits toward graduation are earned based on formal semester grades earned. A course taken with a passing grade for one full year (2 semesters) equals 1 credit earned. A course taken with a passing grade for one semester equals 0.5 credit earned. All courses will earn equal amount of credit as long as the course meets on a regularly scheduled basis and consistent instruction is provided and students assessed. It is at the discretion of the high school principal to determine the amount of credit given for certain courses.

Graduation Requirements: Grade 9 and beyond.

Students are required to earn 26 credits to graduate from N.I.H.S. and must meet the following requirements set by the Iowa Department of Education and the North Iowa Board of Education:

- 4.5 credits (years) English
- 3.0 credits (years) math (minimum of 1.0 of Algebra 1 and 1.0 credit of Geometry)
- 3.0 credits (years) science
- 3.0 credits (years) social sciences
- 1.0 credits (4 years) of physical education
- 1.0 credit fine arts (band, chorus, or art)
- 0.5 credit of Personal Finance
- 10.0 credits of elective

All students are required to complete CPR before graduation. To satisfactorily complete a course and earn credit, students must receive a grade of **65 percent or higher** for the semester.

Study Hall Limits: Students are allowed a maximum of one study hall per semester. The only exception will be for students who are enrolled in a PSEO course or students who are on an IEP. Students who are enrolled in one or more PSEO course will be allowed a maximum of two study halls per semester.

Physical Education is required by Iowa law and **must be taken each semester**. Below are the guidelines by grade level.

- 1/4 credit per year minimum for all students. If you have room in your schedule and do not meet an exemption listed below, you will be scheduled into two semesters of Physical Education.
- 9th PE must be taken during freshman year
- 10th and 11th grade students must take every semester both years as required by state law. If they are out for one sport, a semester of PE can be waived for a maximum of one semester.
- 12th grade exemptions/waivers: medical reasons, scheduling conflicts, participation in athletics – waive 1 semester if active in one sport.

No academic credit is given for driver's education, athletics, plays, clubs, or extra-curricular activities.

Schedule changes will be allowed at the beginning of each semester for a maximum of two days. Students are not allowed to change their schedules after this time period.

Graduation

Students who have earned the required credits will receive a signed diploma and be allowed to participate in graduation ceremonies. If a student has not attained enough credits to receive a signed diploma, that student will not be allowed to participate in graduation ceremonies. Extenuating circumstances regarding graduation will be considered on an individual basis by the building principal and must be board approved. Before graduation, all fines/fees must be paid, and all materials belonging to the school must be returned. Students must meet all obligations in terms of extra work and time required by faculty and administration. **Prior to participating in commencement, students must complete all credit requirements.**

Early Graduation

A student who has met the requirements to graduate from N.I.H.S. may apply for early graduation with the high school principal. Early graduation means that a student will opt out of their last semester of their senior year in order to pursue other opportunities. Requests to graduate early must be made with the high school principal and the guidance counselor before the start of the second semester of a student's junior year. The board of education must approve any requests to graduate early.

Grading Scale/Grade Point Average (GPA) Calculation

The following grading scale is used for calculating student grades:

A = 95 – 100%	C = 77 – 79%
A- = 92 – 94%	C- = 74 – 76%
B+ = 89 – 91%	D+ = 71 – 73%
B = 86 – 88%	D = 68 – 70%
B- = 83 – 85%	D- = 65 – 67%
C+ = 80 – 82%	F = 64% and below

- In order to be eligible for the “**Gold**” **Honor Roll**, a student must earn no grade lower than a C- and maintain an overall grade point of **3.670**
- In order to be eligible for the “**Silver**” **Honor Roll**, a student must earn no grade lower than a C- and maintain an overall grade point of **3.000**
- Grades from driver's education, post-secondary enrollment option (PSEO), and resource room grades will not count on the student's grade point average (GPA). PSEO courses will earn dual high school/college credit. Students with modified grades will earn GPA credit if they meet regular education requirements. A grade earned outside the regular education classroom will not be used to figure a student's overall GPA, but the grades will be eligible for the honor roll.

Grading and Assessments

Teachers will use JMC's NextGen online electronic gradebook system to record and calculate students' assessments and grades. Teachers will inform students of the grading policy/expectations early in each semester. At the beginning of the school year, parents are given usernames and passwords which allow them online access to progress reports and grades of their child at anytime. Simply log on to the homepage and select the high school/parent access link. Teachers will efficiently keep grades updated on the JMC gradebook.

Grading Periods and Communications

N.I.H.S. has 2 semester grading periods in a school year. Each semester is made of 2 quarters – the 2 quarters are averaged for a semester grade. Each quarter has a mid-quarter or mid-term. Mid-quarter grades are not official grading periods, rather periods to communicate student progress.

- Mid-quarter grade reports (about 4½ weeks into each quarter) will be emailed or mailed home.
- Quarter report cards will be emailed or mailed to a student's home after each quarter grading period (every 9 weeks). The two quarter grades are used to calculate a semester grade (the official transcript grade). A semester assessment may be used to calculate a semester grade also.
- Semester grades will be reported along with the 2nd and 4th Quarter report cards.
- Parents should receive a total of eight emails and/or mailings in regards to their student's academic grades and progress – 4 mid-quarter communications and 4 quarter communications.

School Work Policy

- To earn a final grade, a student must complete all essential work in each class.
- For each day missed for an excused absence, the student shall have two (2) class sessions to make up the assigned work, and all work shall be eligible for full (100%) credit if so deserving.
- At the discretion of the classroom teacher, assignments not completed during the regularly allowed time frame may be reduced in value.
- Late work shall be noted in the grade book to designate that it was not turned in on time.
- Teachers shall provide adequate feedback to students in regards to their academic progress. Assessments - tests, quizzes, assignments, etc. – should be graded and returned in a timely manner in order to maximize the assessment and learning experience. If there is a circumstance in which more time is needed to adequately assess and effectively provide feedback to students, the teacher will inform students of an expected return date.

Student Records Access

The Family Educational Rights and Privacy (FERPA) affords parents and students over the age of 18 ("eligible students") certain rights with respect to the student's educational records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect.
2. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
3. The right to consent of disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent (school officials with legitimate educational interests, health/medical personnel, law enforcement, AEA employees, etc.).
4. The right to inform the school district that the parent does not want directory information, as defined below, to be released. Any parent or eligible student not wanting this information

released to the public must make their objection know to the building principal or her/his designee by the end of the second day of school each year.

5. To file a complaint regarding student record access may be filed with **Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC, 20202-4605** (Board Policy 506.1 and 506.1E9)

Senior Year Plus – (Requirements for Student Participation Eligibility)

The intent of the senior year plus statute is to ensure all students in Iowa have increased access to courses that have the potential to generate college credit while in high school. Senior and junior students who qualify, and sophomore students in the TAG program, are eligible to take Senior Year Plus courses. The Senior Year Plus statute requires all students enrolling in college credit courses to be proficient in reading, math, and science. At North Iowa High School post-secondary courses include:

- **Post Secondary Enrollment Option (PSEO) courses**
- **Career Link/Academy courses (NIACC)**
- **Concurrent Enrollment courses (Dual Credit). Starting with the 2017-18 school year, students will no longer be able to receive dual credit for North Iowa required classes. Students will need to take North Iowa required courses. If they choose to take a PSEO course, it will be in addition to NIHS required courses and will be recorded as a PSEO elective course on their transcript. (Ex. Composition I and Composition II will not replace North Iowa High School Required 12th English Classes)**
- **Advanced Placement courses (AP)**
- **Iowa Communication Network courses (ICN)**
- **Iowa Community College Online Consortium**

The following requirements are established as minimum standards for students taking Senior Year Plus courses. Students must meet one of the following four criteria in order to be eligible for SYP courses:

1. The student is proficient on the Reading, Mathematics, and Science portions of the Iowa Assessments test.
2. The student is proficient on the English, Math, or Science portions of the PLAN test or American College Testing test (ACT). Proficiency is a score of 18 or higher on either of these assessments.
3. The student is proficient on the Accuplacer. Proficiency is a score above the developmental level as determined by the partner community college (NIACC test requirement is a score of 53 on the writing portion of the test and a 50 on the math). The student passing the Compass Test would still need to prove proficiency in science by meeting another criteria.
4. The student is proficient on the Reading, Math, and Science portions of the Measures for Academic Progress (MAP) test.

Other considerations:

- A student must adequately pass and earn credit for all courses from the previous semester.
- A student must also meet the pre-requisite coursework and proficiency requirements in the specific academic area that they are attempting to pursue.

Post-Secondary Enrollment Option (PSEO)

Philosophy of PSEO Offerings at NICS: The North Iowa Community School Board of Education desires to encourage enrichment experience beyond those traditionally in place in an average high school

offering. The district desires to “set the table” for future success for all NICS graduates. By making PSEO opportunities available to students, the district is putting into action their mission statement and holding high the value of life-long learning.

Intended Outcomes of PSEO:

1. Students will be exposed to the demands and expectations of post-secondary courses.
2. Students will be able to expand their learning in areas of interest/giftedness. Such learning is intended to enrich and go above/beyond the traditional high school curriculum.
3. Students will be more likely to be successful in post-secondary undertakings if given experiences while still under the stable, secure setting of a caring high school staff and environment.

Students enrolling in PSEO courses shall meet the following criteria:

1. Enrollment in PSEO courses shall be limited to juniors or seniors. Exception to this criterion may be if the student in the talented and gifted program has an identified written goal that would lend itself to a particular PSEO offering. The high school principal shall review all recommendations by the TAG instructor and the PSEO coordinator and determine whether the course meets the specified and parent approved TAG goal.
2. The high school principal, the guidance counselor, and the PSEO coordinator shall review all students who register for PSEO courses and determine whether there would be any restrictions (including attendance).
3. Students enrolling in PSEO course offerings must have and must maintain a grade point average of 3.00 or higher and no grades lower than a C- in the previous quarter.
4. The student and the parent(s) must indicate in writing the intent of the student to attend a 4-year institution following graduation, a 2-year program related to the PSEO course(s) they desire to take part in, or a technical training program related to the PSEO course(s).
5. Students enrolling in PSEO courses must be in the process of meeting **OR** have met the minimum recommended college entrance standards. These expectations include the following:
 - a) 1 year of a foreign language
 - b) Algebra, Algebra II, and a third year of math
 - c) 2 years of science and enrolled in a third year of science (chemistry required)
6. A student enrolling in a PSEO course offering must have met all deadlines in previous PSEO offerings **OR** must wait one semester before taking future PSEO courses.
7. Parental approval in writing. Parents understand that the student must earn no grade lower than a C (A, B, or C) **OR** parents will be liable for full payment of the course.
8. Juniors or seniors not meeting requirements 1-5 may enroll in PSEO courses **if parents pre-pay the school** the established PSEO tuition at the time of registration for the following term. If the student completes the course with an adequate grade (A, B, or C), the district will refund the tuition to the parents at the end of the term.
9. A junior or a senior who does not meet requirements 1-5, will be considered for course work if the student is in the talented and gifted program and has an identified written goal that would lend itself to a particular PSEO offering. The high school principal shall review all recommendations by the TAG instructor and PSEO coordinator and determine whether the course meets the specified and parent approved TAG goal.
 - These requirements are necessary in order for students to enroll in independent study programs that are taught via the internet, the ICN, television, or college courses on cassette. Courses of study will be limited to: a) college entry level math, science, history, language arts not offered by NICS, b) course work related to a nursing degree or technical field, or c) special courses of study

not listed (the applicant shall request in writing to the PSEO coordinator and high school principal stating why this course of study is appropriate to his or her field of future study.)

- Participation for site-based courses is determined on an individual basis and may be exempt from some criteria.

Attendance Policy

The Board of Education, administration and staff believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive not punitive.

This policy recognizes that class attendance is a joint responsibility to be shared by the students, parents or guardians, teachers and administration. This policy will assist students in attending class. The philosophy of North Iowa High School is to place the responsibility on students and their parents to ensure that absences are infrequent, and that when they occur, they are caused by matters of extreme urgency. The responsibilities of the school are to provide students instruction, to inform parents of students who are not in attendance, and to enforce compulsory attendance laws as well as regulations. It is the student's responsibility to be in school. It is also the student's responsibility to attend all classes regularly and to follow the correct procedures when absent from school. Daily attendance of students is required per school board policy and state law. Students must attend school until 16 years of age.

Parents:

Parents of absent students will call the school the morning the student is absent. The school's phone answering system is active 24 hours day. Messages can be left any time of the day. The school will call the parent during the day if a student is not in school. These contacts will be made at the parent's residence or place of work. If the school is unable to reach the parent the day the student is gone, the procedure will be repeated the following day. If no contact is made, the absence will be recorded as unexcused, detentions/suspension will be assigned, and a note sent home. Parents who are unable to follow the above procedure need to contact the high school office.

When a student must leave the school during the school day:

1. If a student becomes ill during the day they must see the nurse, high school principal or counselor before leaving school.
2. If a student needs to leave the school during the day for a reason other than illness, they must have a parent call or bring a note to the office. Remember that students must sign in and out when leaving/returning to the building before the end of the day. Failure to sign in or out (except over noon) will result in detention.
3. If students do not follow these policies, they will receive an unexcused absence and possibly other disciplinary actions. This decision will be at the discretion of the high school principal.

When a student will be absent for the entire day:

A parent should call school when their child is absent with the reason they will be gone. Parents should call 562-2525 between the hours of 7:30AM and 9AM.

1. A parent can also send a note explaining why the student was absent.
2. Students should get an "Admit Slip" from the attendance secretary on the day when they return to school.

3. All students who miss class are required to show a make up slip to the teacher the following day in order to be admitted to class. The make up time for class work will be at the teacher's discretion.

When a student plans to be gone from school:

1. The student must bring a note from a parent or a phone call must be made stating when the student will be gone from school and the reason they will be absent.
2. Get an "Advance Make Up Slip" from the Attendance Office.
3. The student should have teachers sign their assignment slip.
4. Students will complete the assignments by the due date on the make up slip. If the makeup work is not completed within the prescribed time limit, the student will receive zero or partial credit. Any exceptions to this will be at the discretion of the teacher and the high school principal.

Allowable Absences

Students who are in grades 9-12 are allowed a maximum of four unexcused absences per quarter. Even though an absence may be considered unexcused, it is still the responsibility of the parent to notify the school that their child will not be in school

Absences which are exempt from the maximum of four allowable absences per quarter are:

1. If a student has a medical appointment, the parent will need to call the school to have it excused. A medical note may be required if a student has excessive absences. If a parent calls their child in ill, it will be excused without a doctor's note.
2. If a child needs to attend a funeral, parents will need to contact the high school office via phone or email.
3. Extended family vacations will count as one day unexcused regardless of the total number. School contact needs to be made PRIOR to the vacation. Example, if a student is gone on a 7 day family vacation, it will count as one day unexcused and the other six will be excused.
4. School sponsored activities.
5. State Tournaments. If our students are participating in a state event, anyone with a parent note can be excused to go and watch the event. Students will be excused only for the day/dates that our students are participating in the state tournament.

If our students are not participating in the state event, only students who participated in that sport would be excused for one day to attend the state tournament with a parent/coach.

6. Court. Students should bring in their court appointment card to have it excused.

7. Juniors will be allowed two visits per year and seniors will be allowed a maximum of four college visit days per year. Students must produce a written note from the college verifying that you were there for the day to have the absence excused.

Consequences for exceeding four unexcused absences per quarter are as follows:

5th unexcused absence: Detention

6th unexcused absence and beyond: One day of ISS

Tardies

A student is considered tardy if he/she is not in his/her classroom when the bell rings to begin class. A student reporting late to school/class must get an admit slip from the office or the teacher by whom he or she was detained, before reporting to class. A student who has missed more than 20 minutes of a class period will be considered absent rather than tardy.

Consequences for being tardy to school or to a class:

- 1st and 2nd tardies per quarter – result in a written warning from the HS office.
- 3rd and 4th tardies per quarter – result in lunch period detention (lunch in Main Office or other designated area) – served the day of or day after assigned tardy.
- 5th or more tardies per quarter: 60 minute detention
- Detentions will be sat by the building principal along with the help of HS office staff.
- Detentions will be served within 3 days of the tardy, before or after school. Transportation is the sole responsibility of the student/parent.

It is the student and the parent's responsibility to be informed of the number of absences accumulated during each quarter. Information on each student's attendance status is available by contacting the high school office at 562-2525.

Students will have two days for each day absent to make up their work if it is illness related or a death of a family member.

Students will have one day for each day absent to make up their work if they were absent due to a family trip, school sponsored activities, court, or college visits. Any exceptions to this are at the discretion of the teacher or the principal.

ISS (In School Suspension) and OSS (Out of School Suspension)

When a student serves an in/out of school suspension, it will not count towards their maximum of four absences/quarter. Students will have one full day after they return from an ISS or OSS to get their makeup work completed. If it is not made up in that time, the teacher's late work procedure for their classroom will be enforced.

Electronic device use is not permitted for students during ISS. Devices must be turned in to school staff when students report for their ISS. Failure to do so will result in further consequences for insubordination.

A student who is assigned ISS is subject to the loss of playing time/performance time at the discretion of the building principal and activities director based on the severity of the action that resulted in ISS.

Truancy/Skipping

Continuing Truant: A student who is absent from class or study hall for seven or more without a valid

excuse. The school will notify the parent by phone and/or first class mail when a student reaches seven or more days. The parent or guardian will have the right to set up a meeting with school administration to discuss options and consequences for the student. If truancy continues, a CHIPS (Child in Need of Protection) petition will be filed with Winnebago Family Services. The student and his/her parent will need to appear before a judge regarding the truancy petition.

Skipping: A student who is not in the class they are assigned to for that particular class period. Examples could include, but are not limited to the following: a student who leaves a classroom without permission, a student who is in the building, but not where they are supposed to be, etc.

Consequences for skipping/truants:

- 1) 1st offense: Detention
- 2) 2nd offense and beyond: one day of ISS per occurrence

Admits to Class

Any student who is tardy or absent from a class must pick up an admit slip from the high school office before reporting to class. Any student who has missed **any** class for **any** reason **must bring a note from a parent (unless a parent has already called the school excusing the student)**. An absence or tardy not excused by a parent or school staff member is considered unexcused and will result in detention. Assigned detention for an unexcused absence for a full day will be served the following day.

Hall Passes for Students

Students are not allowed to be in the halls while classes are in session unless special permission is granted by a teacher or school staff. Hall passes should be issued by classroom teachers or school staff members if a student is given permission to leave a classroom.

Parental Involvement

Parental involvement is an important component in a student's success in school. The Board encourages parents to become involved in their child's education to ensure the child's academic success.

Title 1 parents will be members of the Title 1 Review Committee and will meet annually.

The Board will sponsor a wide range of activities and events to allow for parents to become more involved in the education of their child(ren), such as technology initiative informational nights, open houses, building-level parent advisory committee meetings, Parent-Teacher conferences, parenting courses/classes through out the school year, special programs/performances involving parents, district-advisory committees, etc.

The Board will implement a technological student access component allowing parents to access student grades, class lesson plans, attendance, hot lunch accounts, and access to e-mail to and from classroom teachers and building administrators. This will include an electronic pay component for parent convenience. (Board Policy 505.8)

Open Enrollment

Any student wishing information or forms for open enrollment should contact the superintendent.

Extra-curricular Activities

Students at North Iowa High School have the privilege to participate in activities that are coordinated by the school. These extra-curricular activities are considered an extension of the classroom learning experience and are encouraged to all students. Extra-curricular activities are a privilege and may be denied to students based on academic and/or disciplinary reasons. Extra-curricular activities may include

but are not limited to the following: **FFA, FCCLA, Student Council, Flag Corp, Band, Chorus, Cheerleading, Football, Volleyball, Cross Country, Quiz Bowl, Fall Play, Speech, Wrestling, Basketball, Bowling, Track, Golf, Spring Musical, Softball, Baseball, Yearbook, National Honor Society, Trap Shooting.**

Academic Eligibility Rule for Extra-curricular Activities

Iowa No Pass, No Play Rule – Iowa law requires that students must be passing all classes at official grading periods in order to be eligible for extra-curricular activities. Any student who failed a course at semester will be ineligible to participate in extra-curricular activities for 30 calendar days. The student's ineligibility status will start on the next activity desiring to participate in and with the first scheduled event. A student will regain eligibility when they have fulfilled 30 full days of ineligibility from an extra-curricular activity. Any student with an incomplete for a semester grade will also be ineligible until the coursework has been completed. The high school principal or the athletic director will inform a student and his/her parents of their ineligible status. High school faculty, coaches, and activity advisors will also be informed of students becoming ineligible.

If a student is ineligible due to the Iowa No Pass No Play policy, they will be ineligible for competition in the next IHSAA/IGHSAU sanctioned activity. A student who is not involved in any sanctioned IHSAA/IGHSAU will be ineligible for their next non-sanctioned extra-curricular activity.

****Note – Sitting out for a non-sanctioned extra-curricular activity does not use up the student's ineligibility for a future sanctioned activity.***

Mid-Term Report/Activities in Season : A student who has one or more F's/Incompletes reported on the mid-term report of every quarter/end of quarters one and three is ineligible for activities in season beginning on the day after the mid-term report is printed. However, a student becoming ineligible under this clause may be made immediately eligible when each teacher reporting F/I grades signs off indicating sufficient progress has been made to upgrade the failing grade to a passing grade. If teachers do not sign off, the student is ineligible for interscholastic competition until the grade is passing. Restoring eligibility is the student's responsibility. When F's/Incompletes are made up, the student must pick up a form in the principal's office and have all teachers sign off to confirm satisfactory progress. The form will need to be given to the advisor/coach of whatever activity that the student is currently enrolled in.

This policy will cover all extra-curriculars. Student can go to practice/meetings, but cannot be part of public events until eligibility is restored.

Good Conduct Rule

The North Iowa Community School (grades 7-12) considers participation in extra-curricular activities a privilege. Any student whose conduct, in or out of school during any month of the year, would make him or her unworthy to represent the ideals, principles, and standards set forth in this policy shall be declared ineligible for extra-curricular participation. He or she will remain ineligible until reinstated by the athletic director or the school administrator.

Violation of Good Conduct Policy – Definition

If it is reasonably believed by a staff member, a law enforcement official, or another adult member of a community who is willing to sign a statement that a student has been found in one of the following situations, the student will be in violation of the Good Conduct policy. If the student admits to the misbehavior or if substantial evidence of the misbehavior is found at a judicial or an administrative proceeding, the student will be in violation of the Good Conduct Rule.

Item 1. Possession or consumption, of alcoholic beverages with knowledge, intent, or control thereof,

Item 2. Possession or consumption of controlled substances as they are defined by the Code of Iowa, without a legal prescription, and with knowledge, intent, or control thereof;

Item 3. Possession or use of tobacco, in any form;

Item 4. Committed stealing (theft); vandalism/damage to school property; or other serious offenses, including those which would violate the Iowa Criminal Code, as to make the student unworthy to represent the ideals and standards of his/her school; is in violation of the Good Conduct Rule.

Item 5. Mere presence - For the purpose of this policy, “mere presence” is defined as student’s being in attendance at a function or party where the student knows or has reason to know that alcohol or other drugs are being consumed illegally by minors and fails to leave despite having a reasonable opportunity to do so. If a student finds himself or herself in a situation where alcohol and other drugs are being consumed illegally by minors, the student’s options are:

- a) Leave immediately. An intention to leave is not a defense, nor is being a designated driver.
- b) Apply reverse peer pressure to convince the persons responsible for bringing the illegal substances to leave the party and take the drugs or alcohol with them.
- c) Otherwise get rid of the offending substances – flush or pour, but do not consume!
- d) Stay and risk loss of eligibility for, or attendance at, extra-curricular activities.

- With the exception of Prime for Life or counseling, a student who violates the “mere presence” provision of this policy shall serve no more than one-half of the established penalty for the first, second, or third/subsequent violation.

Penalties for Good Conduct Violations

1. The **first offense** in each 365-day period beginning with the first offense will result in thirty (30) calendar days of ineligibility for the current or next extra-curricular activity (Sanctioned Activities, Cheerleading, Trap Shooting, Fall Play, or Spring Musical) of a student and a minimum of one (1) public performance. A student will have fifteen (15) days of ineligibility waived if he/she chooses to complete the Prime for Life program for a substance abuse violation or another counseling program approved by the school for any other violation. A written letter or note of verification must be provided confirming that programs/appointments will be attended within a reasonable time. Failure to comply with the requirements above will result in the student’s moving to the next offense level.

2. The **second offense** within the original 365-day period will result in three (3) months of ineligibility **and** missing a minimum of one (1) public performance. For the second and any subsequent violation, the student/athlete must complete the Prime for Life program or other school approved counseling/educational program. A written letter or note of verification must be provided confirming that programs/appointments were attended. Failure to comply with the requirements above will result in the student's moving to the next offense level.
 3. The **third** and any **subsequent offense** within the original 365-day period will result in a one-year ineligibility period and missing a minimum of one (1) public performance.
- **Students voluntarily reporting to a coach or administrator an incident within 48 hours and prior to the school becoming aware of the behavior may have fifteen (15) calendar days deducted from their thirty (30) calendar days of ineligibility, on the first offense each year.**
 - **Activity advisers/coaches have the discretion to add further consequences for violations but may not lessen any consequences included in this policy.**

Due Process Provision

An informal investigation of the charges shall include, but not necessarily limited to, written or oral notice to the student of the charge made and an opportunity to respond. Should the student or his/her parents feel the penalty is unjustified or unfair, they may appeal as set forth by the due process rule adopted by the Board of Education. The student shall remain ineligible during the appeal procedure.

Appeals

Any student who is found by the administration to have violated the Good Conduct Rule may appeal this determination to the superintendent by contacting the superintendent within three (3) days of being advised of the violation. The penalty will be in effect pending the superintendent's decision, which shall be made within seven (7) days.

If the student is still dissatisfied, he or she may appeal to the school board by filing a written appeal with the board secretary at least 48 hours prior to the next board meeting. The review by the board will be in closed session, unless the student's parents (or the student, if the student is 18) request an open session.

The grounds for appeal to the school board are limited to the following: the student did not violate the Good Conduct Rule; the student was given inadequate due process in the investigation and determination; or the penalty is in violation of the Good Conduct Rule and/or Handbook Rule or Board Policy. The penalty will remain in effect pending the outcome of the meeting with the board.

If the school board reverses the decision of the administration, the student shall be immediately eligible and shall have any report of the ineligibility period and violation deleted from the student's record.

Students NOT Involved in Extra-curricular Activities

Students who are not involved in extra-curricular activities and in violation of the Good Conduct Rule will not be permitted to attend extra-curricular activities for the same time period per offense level that students who are involved in extra-curricular activities would be penalized.

BEHAVIOR EXPECTATIONS

It is the position of the school district that a fair and equitable district-wide school discipline policy will contribute to the quality of a student's education. Without discipline in the schools, learning cannot occur. Therefore, this district-wide school discipline policy has been adopted. It is the responsibility of the school board, administration, and teachers to safeguard the health and safety of each student. The school board and district administrators will support district personnel who, in dealing with students on disciplinary

matters, act in accordance with state statute, state board of education regulations, and this policy. The discipline procedures used at NIHS are designed to meet two goals: 1) Provide an orderly environment where students may pursue an education without interference. 2) To provide corrective help and guidance toward self-discipline for each student who violates school policies or the rights of others. It will be at the discretion of the principal or superintendent to administer consequences of any violation of North Iowa High School policies/rules as the severity of the infraction warrants. Every situation is unique; therefore the administrator will have discretion to develop different strategies for different students and different situations. The consequences may be more severe or less severe than indicated for the policy, including suspensions or recommending expulsion. It is the policy of North Iowa High School to prohibit any actions or behavior that is disruptive or unreasonable and/or a violation of state or federal law. All offenses are subject to a referral to a counselor.

PARENT/GUARDIAN INVOLVEMENT:

The ultimate responsibility for the behavior of a student rests with the student and their parents/guardians. The goal of the staff will be to correct the problem with a minimum of disruption to the life of the student. Persistent serious problems can result in conferences with the parents/guardians in an effort to find and implement a solution to the problem.

Student Behavior Expectations and Rules

Students are expected to behave. Students should 1) Do your best. 2) Respect and work with others. 3) Stay on task. 4) Have regular attendance. In addition, each teacher has their own rules and expectations for students. Failure to follow rules will result in consequences.

Not all expectations can be covered in school policies and a student handbook. The following are some general student behavior expectations:

1. Students are expected to be to class on time.
2. Students are expected to have a pass to be in the halls during class time and are expected to go directly to the destination on the pass.
3. Book bags are not allowed to be brought into the classrooms and need to be kept in lockers.
4. Food and/or beverages are not allowed to be brought into the classroom unless permission has been granted by the teacher/staff member.
5. All students will remain on school grounds from 8:25 a.m. to 3:30 p.m. unless they have permission to leave and it has been granted by high school office staff.
6. Beverage and vending machines will be regulated by the school administration.
7. Students who live in town or live within one mile of the school may go home for lunch if they have parental permission. Students cannot drive to go home for lunch.
8. Students are not allowed to drive cars during the school day. Special permission from parents and the building principal may be granted.
9. Driving to school and parking at school is a privilege. Students must drive and park appropriately. Illegal or inappropriate parking or driving may be reported to law enforcement.
10. All students, unless supervised, must be out of the building by 4:00 p.m.
11. Public displays of affection (kissing, holding hands, hugging, cuddling, etc.) are not

appropriate for the school environment and are not allowed.

12. Students are expected to dress appropriately and respectfully. The following clothing is considered inappropriate: any clothing that reveals undergarments or certain body parts (breasts, butt, midriff, or other private body parts); clothing that is overly tight and/or revealing; clothing with inappropriate wording or connotation; clothing with obscene or indecent sayings or pictures; clothing that advertises alcohol/tobacco/drugs; and wearing a cap or other head dress (bandana, hood, etc.) while in the school building during school hours.
13. Cell phones and other electronic devices are not allowed in the classrooms unless special permission has been granted by the classroom teacher or staff member.
14. Refusal to comply with a reasonable request by a school staff member concerning student conduct or disciplinary action will be considered insubordination. When such incidents occur, the building principal may become involved, and appropriate disciplinary action will be taken.
15. Use of profanity and vulgar language is not allowed.
16. Cheating/plagiarism is considered academic fraud and prohibited.
17. Bullying/harassment is not allowed.
18. Cases of vandalism and theft are against the law and may be turned over to law enforcement.
19. Serious violations of school policy (fighting, tobacco use, theft, vandalism, etc.) may be turned over to law enforcement.
20. Students who are absent for the entire day due to illness or who leave school for the remainder of the day due to illness, should not attend an extra-curricular event in the evening.

NIHS PBIS

We expect all North Iowa High School students to: Be Safe, Be Responsible, and Be Respectful. We call these expectations The Bison Way. NIHS students are expected to follow The Bison Way at all times within the school. The expectations are specifically explained in our PBIS Matrix. For it to be successful, students must be taught appropriate behavior in all school settings. At the beginning of each school year, and as needed during the year, we teach our expectations to students. The Bison Way posters are located throughout the school and the busses to remind students of the The Bison Way expectations. These posters list expectations for our three focus areas - Be Safe, Be Responsible, and Be Respectful.

Student will be given tickets for properly displaying the Bison Way. Students will be able to use the tickets in a monthly drawing or may be able to spend them in a school store. Any student with one or less minor will be able to participate in a quarterly celebration. Students with two or more minors/one or more major behavior violations, will be do remediation during the quarterly celebration.

37. Violation of school rules, regulations, policies, or procedures;

38. Other acts, as determined by the school district, which are disruptive of the educational process or dangerous or detrimental to the student or other students, school district personnel or surrounding persons, or which violate the rights of others or which damage or endanger the property of the school, or which otherwise interferes with or obstruct the mission or operations of the school district or the safety or welfare of students or employees.

DISCIPLINARY ACTION OPTIONS

It is the general policy of the school district to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district.

A school district may discipline a student for off-campus misconduct in either of the following situations:

1) misconduct is a continuation of or has a nexus with improper conduct that occurred on school grounds or 2) the student's actions have a direct and immediate effect either on school discipline or on the general safety and welfare of the students and faculty.

Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor or other school district personnel, and verbal warning;
- B. Parent contact;
- C. Parent conference;
- D. Removal from class;
- E. In-school suspension;
- F. Suspension from extracurricular activities;
- G. Saturday School
- H. Detention or restriction of privileges;
- I. Loss of school privileges;
- J. In-school monitoring or revised class schedule;
- K. Referral to in-school support services;
- L. Referral to community resources or outside agency services;

- M. Financial restitution;
- N. Referral to police, other law enforcement agencies, or other appropriate authorities;
- O. A request for a petition to be filed in district court for juvenile delinquency adjudication;
- P. Out-of-school suspension under the Pupil Fair Dismissal Act;
- Q. Preparation of an admission or readmission plan;
- R. Expulsion
- S. Exclusion
- T. Other disciplinary action as deemed appropriate by the school district.

Description of Most Common Consequences:

Detention

The principal and teachers can assign detentions for the violation of classroom and school rules. The detentions will be sat with the principal or teacher **before/after school** in increments of 30 minutes or an hour. **Students must serve their detention within three days of when it was assigned by the principal. Detentions will not be allowed to accumulate.** If students do not serve the detention by the end of the three days, it will be doubled and must be served immediately. If a student does not serve their detention, they will be in-school suspended. Students who ride the bus, participate in extra-curricular activities, or hold after school jobs are held to the same disciplinary measures as students who are not involved in these activities.

Electronic device use is not permitted for students during detention. Devices must be turned in to school staff when students report for their detention. Failure to do so will result in further consequences for insubordination.

Saturday School

Students may be assigned a Saturday School by the building principal and/or teachers for the following reasons: 1) poor school attendance, 2) failure to serve assigned detention time, 3) violation of certain school policies/rules/expectations or insubordination, or 4) to make up academic work assigned by teachers.

In-School Suspension

Students who receive in-school suspension (ISS) at NIHS are required to check-in at the office by 8:00 a.m. each day of their suspension. The students have until 8:20 a.m. to make contact with their teachers and pick up any makeup work and day's instructions/assignments. In-school suspension students will receive bathroom breaks at around 10:00 a.m. and 2:00 p.m. and will have lunch around 12:00 p.m. When the bell rings at 3:30 p.m. to end the school day, in-school suspension students have until 3:45 p.m. to turn in their assignments and day's work into classroom teachers. Contact must be made with the principal in the office after all schoolwork has been submitted to classroom teachers.

A student who is assigned ISS is subject to the loss of playing time/performance time at the discretion of the building principal and activities director based on the severity of the action that resulted in ISS.

Electronic device use is not permitted for students during ISS. Devices must be turned in to school staff when students report for their ISS. Failure to do so will result in further consequences for insubordination.

Out of School Suspension

Students may receive an out of school suspension (OSS) at NIHS for serious violations of school policies. Any student given an OSS is not allowed to come to the school for any of the academic day or any after-school or extra-curricular activities.

Expulsion

Expulsion of student may be considered if the student has violated a major school policy or has had a consistent and/or violent disciplinary record. Student expulsion is a recommendation by the building principal to the superintendent and then recommended to the school board for action.

REMOVAL OF STUDENTS FROM CLASS

If a student is removed from class, the teacher will instruct the student to go directly to the office. The student must make contact with one of the office secretaries. If a student fails to do this they will be subject to detention or suspension unless otherwise noted in an IEP plan. The student should also have a discipline referral form that was filled out by the teacher. Appropriate consequences will be administered if deemed necessary by the administration. A student will return to the class with a pass from the office. Students must have a pass to be admitted back to class. If a student is removed from class for disciplinary reasons, the student's parents will be notified in writing and/or by phone.

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
 4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class. Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.
- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

Specific Conduct Violations

- 1) Students will not be insubordinate to employees.
- 2) Students will not assault students, teachers, or other district employees.

- 3) Students will not steal or damage property of the school or others.
- 4) Students will not possess or use any articles, or commit any acts that are illegal or cause harm.

Due Process

Students and/or parents who disagree with a student discipline decision may appeal to the next level of authority. Such appeals shall be made within five (5) days of the decision. Such appeals continue through the North Iowa Board of Education in the following order: 1) teacher, 2) building principal, 3) superintendent, and 4) North Iowa Board of Education. All appeals must be filed in writing.

Technology Code of Conduct (Acceptable Use Policy)

Students at North Iowa have access to various forms of technology. These technologies are to be used in support of educational communication, to perform educational research, and to produce electronic assignments/work for faculty/staff. All forms of technology are to be used in a responsible, educational, efficient, ethical, and legal manner in accordance with the mission of the North Iowa Community School District.

Abuse and consequences are the responsibility of the appropriate building administrator and will follow the student handbook, Bullying/Harassment policy, Good Conduct policy, and other appropriate existing policies.

Abuse Guidelines (at discretion of building principal):

- **1st Offense:** suspension of technology privileges for 15 school days
- **2nd Offense:** suspension of technology privileges for 30 school days
- **3rd Offense:** suspension of technology privileges for 60 school days or rest of school year, whichever is longer

North Iowa Electronic Device Policy/Access

NICS believes in the “many to one” philosophy and recognizes that no single device meet all of our current society’s needs. This is also true with our students and their educational experience. Multiple electronic devices are often needed to complete various tasks. Therefore, NICS has decided to provide each NIHS student with an electronic Notebook for educational purposes. The policies and procedures for student usage of the Notebook will be communicated to students and parents prior to the school year and are difficult to include in this student handbook. Students and parents are encouraged to contact school administration in regards to the NICS Electronic Device policy and procedures. Copies of the Electronic Device policy and procedures can be found on the NICS website, or a hard copy can be obtained at the Main Office

Cell Phones/Communication/Electronic Devices

The school understands and accepts that cell phones and other electronic devices are integral parts of our society’s and communities’ culture and daily lives. However, these devices can cause disruptions in the learning environment of a school.

Students and parents must respect the high school's educational setting by not making or taking cell phone calls/text messages/emails during classroom instructional time.

- If a student absolutely needs to contact a parent, he or she can use a classroom phone, a phone in the main office, or ask for permission from a teacher or administrator.
- If a parent absolutely needs to contact his or her child during the school day, he or she needs to call the main office where the office will contact the student.
- If a student absolutely needs to use their cell phone during school, he or she must get permission from a middle school staff member and/or the middle school principal.

Students will be required to check in their phones to a teacher designated spot during class. Students will be able to pick up their phone at the end of the class. Students who do not turn their phone in and are caught using it during class will be assigned the consequences listed below. If a student refuses to turn their phone in, additional consequences will be added to the consequences listed below.

Consequences for cell phone/electronic device violations are as follows (per quarter):

- 1st offense – cell phone confiscated by staff, turned into high school principal (or designee), returned to student at the end of the school day, and parent contacted
- 2nd offense – cell phone confiscated, turned into high school principal, and returned to parent or an adult designee of the parent's choice. The device will not be released to a North Iowa student.
- 3rd offense and subsequent offenses – cell phone confiscated, turned into high school principal, returned to parent or an adult designee of the parent's choice. The device will not be released to a North Iowa student. The student will also be assigned a detention. Students may be suspended from school for 4th and subsequent offenses.

Students using any electronic devices without teacher/staff permission will result in consequences similar to the cell phone consequences and/or insubordination.

The use of electronic communication devices are **PROHIBITED** at all times during school crisis/emergency situations without the permission of NICS staff. The school **PROHIBITS** the use of any **electronic devices (cell phones, laptops, etc.)** in any restroom, locker room, or other location where students and staff 'have a reasonable expectation of privacy'.

Initiations, Hazing, Bullying or Harassment (refer to board policy 104)

Harassment, bullying and abuse are violations of school district policies, rules and regulations and, in some cases, may also be a violation of criminal or other laws. The school district has the authority to report students violating this rule to law enforcement officials.

Students who feel that they have been harassed or bullied should:

- Communicate to the harasser or bully that the student expects the behavior to stop, if the student is comfortable doing so. If the student needs assistance communicating with the harasser or bully, the student should ask a teacher, counselor or principal to help.
- If the harassment or bullying does not stop, or the student does not feel comfortable confronting

the harasser or bully, the student should:

- ✓ tell a teacher, counselor or principal; and
- ✓ write down exactly what happened, keep a copy and give another copy to the teacher, counselor or principal including;
 - what, when and where it happened;
 - who was involved;
 - exactly what was said or what the harasser or bully did;
 - witnesses to the harassment or bullying;
 - what the student said or did, either at the time or later;
 - how the student felt; and
 - how the harasser or bullying responded.

Sexual harassment may include unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature. Harassment or bullying on the basis of age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status or familial status includes conduct of a verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble persons when:

- places the student in reasonable fear of harm to the student's person or property;
- has a substantially detrimental effect on the student's physical or mental health;
- has the effect of substantially interfering with the student's academic performance; or
- has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Sexual harassment includes, but is not limited to:

- verbal, physical or written harassment or abuse;
- pressure for sexual activity;
- repeated remarks to a person with sexual or demeaning implications; and
- suggesting or demanding sexual involvement, accompanied by implied or explicit threats.

Harassment or bullying based upon factors other than sex includes, but is not limited to:

- verbal, physical, or written harassment or abuse;
- repeated remarks of a demeaning nature;
- implied or explicit threats concerning one's grades, job, etc; and
- demeaning jokes, stories or activities.

Special note: Bullying/Harassment policy violations can include any electronic messages/images

Physical or Sexual Abuse Notice to Students

If a student enrolled in the North Iowa High School has been physically or sexually abused by a school employee on school grounds, on school time, on a school sponsored activity, or in a school related contest, a report must be filed with the investigator listed below.

Any school employee receiving a report of alleged abuse of a student by a school employee shall

immediately give the report to the designated investigator or alternative and shall not reveal the existence or content of the report to any other person.

Level One Investigator: Brad Huntington

Level Two Investigator: To be appointed by AEA 267 – 1-800-392-6640

Beverages/Snacks

Food and beverages are not allowed in the classrooms while regular classes are in session. Students are allowed and encouraged to have water while attending classes. Certain snacks and beverages may be allowed for special occasions from time to time at the discretion of the classroom teacher and/or building principal. The school highly encourages healthy foods, snacks, and/or beverages. Students may consume beverages and snacks before and after school in non-carpeted areas and/or designated areas. If areas of the school become untidy and full of wrappers and containers from beverages and food, this privilege will be lost.

Beverage machines are available in the gym lobby during free time. In accordance to state and federal health codes, these machines will be turned off during lunch periods. Students are expected to assist in keeping vending machine areas clean. Only water from these machines is allowed into the classrooms.

Hot Lunch

The Federal hot lunch program will not allow our school district to maintain negative hot lunch balances; therefore, each Monday morning low letters will be printed for each family with a balance of less than \$10.00 per student in a family account. These letters are sent home with the youngest student in the family. Please send a check or money with the child the following day. The family balance can be accessed through the school's webpage. Payment should be made to Mrs. Davids in the business office or presented in the lunch line.

Financial Considerations

Students whose families meet the income guidelines for free and reduced price lunch, the Family Investment Program (FIP), Supplemental Security Income (SSI), or transportation assistance under open enrollment or who are in foster care are eligible to have their student fees partially waived. Students whose families are experiencing a temporary financial difficulty may be eligible for a temporary waiver of student fees. Parents or students who believe they may qualify for temporary financial hardship should contact the superintendent's office for a waiver form prior to summer registration. This waiver does not carry over from year to year and must be completed annually.

Cafeteria/Commons

The school operates a lunch and breakfast program. Students may bring their own lunches to school or purchase a lunch and other items, including milk. Bringing pop and other such drinks into the cafeteria is prohibited. Food served in the cafeteria is to be consumed in the cafeteria.

Designated Areas for Lunch

Students are required to be in designated areas during their lunchtime. ***Students must be in the Commons (lunchroom) or in the HS Media Center during lunch.*** Students are not to be in any other areas of the school unless given specific permission from the lunchroom supervisor. Students are not allowed to leave the school building during lunchtime unless given specific permission from school personnel.

Lunch - Leaving School during Lunch

NIHS has a closed campus for lunch. Students must remain in the school building during the designated lunch period. Students may leave the school during lunchtime for the following reasons only:

1) any student who has permission from a parent by handing in a “Home for Lunch Permission” form to the office will be allowed to walk home for lunch. Students must also meet the following criteria in order to be eligible for the privilege of going home during the lunch period:

- live in town and/or within 1 mile from the school building
- have the “Home for Lunch Permission” form signed by parent and turned into the HS office
- sign out and back in using the sign-out sheet in the HS office
- no driving – only walk or ride bike
- must go to a home/house of a blood relative (parent, sibling, grandparent, etc.)
- go directly to this place of residence for lunch and not visit other destinations (restaurants, convenience stores, other businesses, other residences, etc.)
- must leave and be back to class within the timelines of their lunch periods

2) Seniors may earn the privilege of having an open-campus (see Senior Privileges – Open Campus)

Senior Privilege – Open Campus

Seniors may earn the privilege of having open campus. This open campus privilege will be at the discretion of the building principal and be based on the following criteria:

- Seniors may drive to their restaurant of choice in town. Students and parents are liable for any accidents that occur during lunch.
- Good academic standing – no failing grades, no incomplete work
- No major disciplinary violations and/or school policy violations
- Conduct themselves in a respectful and responsible manner
- Must be back to class on time
- No loitering around the school or wandering the halls
- If eating lunch in school building, must be supervised by a staff member.

Closed Campus

NIHS has a closed campus during the school day. Students are not allowed to leave campus unless given special permission. If a student needs to conduct personal business during the school day or lunch break, he or she may do so on a limited basis if he or she has obtained the principal's permission and signed out in the office.

Leaving the School

Before a student is allowed to leave the school building, he/she must have written permission, a parental phone call, or a nurse's permission. No matter what the reason for leaving school, all students must sign out in the office. The correct and appropriate reason for leaving must be stated on the sign-out sheet. Students may not sign out without first securing permission from the building principal or office staff.

WDL/Wednesday Study Tables – 2:00 pm Dismissals. Opt out for 9th period Homerooms.

North Iowa Community School has 2:00 pm dismissals every Wednesday of the school year for professional development for teachers. North Iowa High School provides a Study Table each Wednesday from 2:00-3:30 pm for its students. Students may get extra academic help and tutoring or just have a quiet place to get work done during these Study Tables. Students who are eligible to opt out, need to leave the school building.

Students will receive a work completion form on Monday or the first day of the week that school is in session. If the form is signed off by staff who put the student on the WDL list by 2 PM on Wednesday, the student is considered “signed off” for the week, and they do not need to stay for study tables. Students are not able to opt out for the week until they are signed off. If a student is not signed off by Wednesday at 2PM, they are required to stay in homeroom for the remainder of the week.

- If a student skips study tables, they are required to make up the 90 minute session plus a 30 minute detention (PBIS minor) by the following Wednesday before 8:25 AM. If the student fails to make up the study table time, they will be assigned one day of ISS (PBIS major). Tenth through twelfth grade students who skip WDL will also lose their opt out privilege for the remainder of the quarter. Students who have a valid excuse as determined by the HS Principal (medical appointments, funerals, illness) will still be required to make up their study table time, but will not be given a detention (no PBIS minor).
- Students who do not get off the WDL may be pulled for interventions in Reading or Math if needed by their instructor.

Homeroom (9th Period) Policy

All students have a homeroom during 9th period of our schedule. 9th period is at the end of the school day for roughly a half of an hour. The purpose and guidelines for Homeroom are as follows:

1. To be used as study/academic time. A student is expected to be prepared for homeroom with school work or a book to read. Homeroom teachers will have access to student grades and are expected to monitor their homeroom students’ academic progress.
2. Students are expected to respect the study/academic time and other students’ need for quiet.
3. Each student will be assigned a homeroom teacher who will act as an academic advisor and provide academic support and guidance.
4. Homeroom may also be used for district or state assessments, assemblies/special presentations, class meetings, student organization meetings, meetings with college/military representatives, etc. so that classroom disruptions can be minimized.
5. A student may go to another teacher for academic help during homeroom, but he/she must present a pass from that teacher before or at the beginning of homeroom. If a student is to report to another teacher for academic help, he or she needs to have obtained a pass from that teacher before reporting to homeroom.
6. Students are expected to be in their designated homeroom, unless getting academic help from another teacher. There will be **no wandering** around the building. Students are not to be in the gym lobby during their homeroom.
7. Students may get permission to go to the HS Media Center during their homeroom for academic purposes only. The privilege to come to the HS Media Center during homeroom will be taken

away if abused or primarily used for social or non-academic purposes. Permission to come to the HS Media Center will be at the discretion of the homeroom teacher and the HS Media Center staff.

8. Homeroom groups are encouraged to establish group citizenship goals and/or perform a community service project.
9. Celebrations during homeroom are allowed occasionally (for example, the last Friday of each month). Food may be brought into homeroom on the day of this celebration. Healthy food and snacks are encouraged.

Expanded use of Homeroom Time for Interventions

Due to the upcoming change in the Every Student Succeeds Act, students in grades 9-11 will be required to have academic interventions put into their day if they are not proficient on the Iowa Assessments. Since the Iowa Assessments are only given one time per year, we will use our MAP tests to help decide which students need additional assistance in reading and math. The MAP test will be given several times throughout the year.

All students have a homeroom during 9th period of our schedule. 9th period is at the end of the school day for roughly a half of an hour. All students are required to stay for homeroom on Monday. Ninth grade students are not allowed to opt out for the school year. Seniors may opt out on Tuesday, Thursday, and Friday if they are not on the WDL. Tenth and eleventh grade students may opt out on Tuesday, Thursday, and Friday if they meet the following criteria:

- The student is not on the Weekly Deficiency List.
- Assessment Qualification:
 - The student is proficient on the Iowa Assessment and/or the MAP test. These tests will be given at various times of the school year and will determine if a student is eligible to opt out.
 - MAP tests will be given in September, December, and March.
 - Students who were not proficient on reading and/or math will be required to stay during homeroom to receive interventions. Students needing extra interventions will be notified by an instructor or building principal.
 - Students who show proficiency in areas of Reading and Math will be allowed to opt out if they have both a signed Parent Permission Opt Out form in the office as well as are proficient on the MAP or Iowa Assessment depending on the time of year.
 - All 9-11th grade students will take the MAP in September and March. Students who would like the opportunity to regain their Opt Out Privilege may choose to do the MAP test in December.
 - All 9-11th grade students will take the Iowa Assessments in April or May.

Driving to School & Parking

Students are allowed to drive to school. Minimal parking is available, and students need to respect the property of homeowners and businesses. Because of the many churches in the surrounding neighborhood, students should watch for reserved parking requests for funerals etc. ***Students may go to their cars during school hours only with the permission of the building principal.***

School Bus Philosophy and Policy

Safety is the primary concern for every child who rides a North Iowa school bus. Therefore, every precaution will be taken to see that students arrive safely at their destination. This can be accomplished only if we have the cooperation of both students and parents. Driving a bus is a difficult and responsible task. The attention of the driver must be on the driving responsibilities at all times, and any deviation from this task could endanger the safety of all passengers. It is absolutely necessary that students assume responsibility for their behavior, and any infraction of procedures necessary for the safe transportation of students is reported immediately to the appropriate supervisor/principal.

Certain behaviors will not be permitted on North Iowa School buses. These behaviors include but are not limited to the following: hitting; spitting; profanity; being out of seat; throwing objects; obstructing aisles; making loud noises; hanging out of windows; assault; fighting; vandalism; insubordination; possession of a weapon; possession or use of tobacco, alcohol, or any other controlled substance.

If the infraction/behavior is against the law, proper authorities shall be notified; and all privileges for the student shall be suspended for a period not to exceed the remainder of the school year. If the infraction results in property damage, restitution must be paid; or a plan for restitution must be agreed upon before riding privileges are reinstated. The following guidelines will be used to ensure the safe and efficient operation of our buses:

1. Students are under the authority of the school bus driver.
2. Students shall be on time.
3. Students shall remain seated while the bus is in motion.
4. Students will not swear while riding the bus.
5. Students will not take property away from another bus rider.
6. Students will talk in a normal voice and not shout at each other.
7. After entering the bus, students will go directly to their seats and remain in those seats until leaving the bus.
8. Students will not destroy property belonging to other students, nor shall the student deface or destroy school property while on the school bus.
9. Students will keep their feet on the floor, not on the seats.
10. Students will not threaten or strike other students while on the bus.
11. Students will keep their hands and arms inside the school bus and will not throw items out of the bus windows.
12. Students will not throw or spit items while on the school bus.
13. If an elementary student is to leave school by means other than his/her regular arrangement, a note or phone call from the parents will be required.

School Bus Violation Consequences

- **First offense:** Driver conferences with the student, identifies the infraction, and gives a verbal warning.
- **Second offense:** Driver conferences with the student; identifies the infraction; and writes the behavior on the referral form, copies of which are given to the parents and appropriate administrator.
- **Third offense:** Driver conferences with the student, identifies the infraction, writes the behavior on the referral form with copies give to the parents and appropriate administrator. Administrator contacts the parents and reviews the incidents and student's riding privileges are suspended for a period not to exceed five (5) days.
- **Fourth offense:** Same as above. The student is suspended for up to 15 days with proper due

process/procedures and hearing and review by the board of education, administration, student, parents, and legal authorities if necessary.

- Any succeeding violations shall result in suspension of all riding privileges for a period not to exceed the remainder of the school year.
- If a student performs an act that obviously jeopardizes the safe operation of the bus and endangers the safety of the route, the administrator must notify the parents of this action that day. A written report shall also be filled out and filed properly. Riding privileges cannot be reinstated until a conference with the driver, the parents, and the student is held.

Activity and Extra-curricular Transportation

Students who ride in a school vehicle for an extra-curricular activity or any other school activity must ride **to and from** the event in the school vehicle. Parents may personally transport their student home only if they have signed out with the activity sponsor. Students may only ride home with another adult if prior arrangements have been made with the building principal (or activities director) and activity sponsor.

Shuttle Bus

The shuttle bus is used to aid students in transportation from extra-curricular practice or for academic needs after school. Students riding the shuttle bus **must sign up each day by noon** in the high school office. The shuttle bus **does not run every school day**; times and dates when the shuttle is running can be checked in the MS/HS office.

Student Publications

Under the supervision of a faculty sponsor or the principal, students may produce official school district publications as part of the curriculum. Official school district publications include, but are not limited to, the school newspaper or the yearbook. Expression made by students, including student expression in the school district's publications, is not an expression of official school district policy. The school district, the board, and employees are not liable in any civil or criminal action for student expression made or published by the students unless the employees or board of education have interfered with or altered the content of the student speech or expression. Copies of the school district publication code can be obtained by the administration.

A faculty advisor supervises student writers to maintain professional standards of English and journalism and to comply with the law including, but not limited to, the restriction against unlawful speech. No student shall express, publish or distribute an official school district publication material which is

- A. obscene;
- B. libelous;
- C. slanderous; or which
- D. encourages students to
 1. violate school district policies, rules, or regulations;
 2. commit unlawful acts;
 3. cause the material and substantial disruption of the orderly and efficient operation of the school or school activity;
 4. disrupt or interfere with the educational program;
 5. interrupt the maintenance of a disciplined atmosphere; or
 6. infringe on the rights of others.

Posting of Information

Emergency information such as school closing or change in activities will be posted on the school's homepage and sent through the alert system. Individuals can sign up to be on the alert system by going to the school's homepage. Students who wish to post or distribute information must receive permission from the principal at least two (2) days before posting or distribution. This condition applies whether the information deals with school-sponsored or non-school sponsored activities. The principal can explain or answer questions regarding the school's rules on posting or distributing materials.

Student Lockers

Student lockers are the property of the school district. Students shall use ***only*** the locker assigned to him or her for storing their school materials and personal items necessary for attendance at school. It shall be the responsibility of each student to keep his or her assigned locker clean and undamaged. The expenses to repair damage to a student's locker are charged to the student. The school is not responsible for items lost or stolen from a locker. Students can purchase their own locks to keep their lockers secure (building principal needs a copy of the key/combination).

A student's locker can be searched whenever an administrator or teacher has a reasonable suspicion that a criminal offense or a school district's policy, rule, or regulation bearing on school order has been violated and the administrator or teacher has a reasonable belief that the search will provide evidence of the violation. Items in violation of the school district's policies found will be confiscated. Illegal items may be given to law enforcement officials.

Locker maintenance inspections will be conducted periodically throughout the school year. These inspections are generally for the purpose of ensuring that lockers are clean and well kept.

Book Bags

During the school day, book bags need to be stored in the students' lockers. Book bags in the classroom have become a hazard, restricting aisle space and contributing to overall classroom clutter. Each student is assigned a locker for his or her use. Book bags and other materials should be stored in the locker assigned to each student. Book bags should not be kept on the floors in the hallways.

Weapons

With the exception of weapons in the control of law enforcement officials or those being used for educational purposes and approved by the building principal, weapons are not allowed on school grounds or at school. Students bringing weapons to school or possessing weapons at school will be expelled for not less than one year. Parents of students found in violation of this policy, along with law enforcement officials, will be contacted.

Students Working

If a student is needed to assist his or her parents on a ***limited*** basis, he or she may do so by bringing a note from those parents in advance. Any absences or tardies related to any other type of employment would be considered unexcused.

The exceptions to this policy will be for work related opportunities obtained through the school's vocational education programs.

Student Visitors

NIHS students need the building principal's permission at **least two days before** a visitor comes to school. Once permission is granted, the guest is expected to follow the same guidelines as a student in our school. NIHS students bringing other students to visit will be allowed no more than one day of visitation.

College Visitations

Students are encouraged to make college visits during the period of time when regularly scheduled courses are not being held at the high school (i.e., summer vacation, Thanksgiving, Christmas, Easter, parent-teacher conferences, and workshops). If a student needs to visit a college campus on a school day, the following steps should be taken:

1. Arrangements should be made through the guidance office and principal's office at least **three days prior** to the visit.
2. Advance notice should be given to the high school office.
3. The student must return with documented proof of visitation from a college official.
4. Make up assignments will be the responsibility of the student.

NOTE: Failure to make arrangements in advance through the high school office will result in an unexcused absence. **Juniors** will be allowed **two days** for visitation. **Seniors** will receive **four days** for visitation.

Dance Regulations

Students who leave a dance will not be allowed to re-enter the building. Inappropriate dancing/behavior will not be tolerated at dances. All out-of-district guests must be signed in as designated prior to the dance. No dates over 21 are allowed into the dance. Anyone who is suspected of drinking or being under the influence of alcohol or another illicit substance at a school dance will be escorted to the principal's office, and the parents will be called. If the parents are unable to be contacted, an emergency contact will be made. Law enforcement may be contacted. Additional consequences are listed in the Good Conduct Rule.

Displays of Affection

Displays of inappropriate affection are not allowed on school property. Such displays include but are not limited to kissing, hugging, cuddling, and holding hands. The school environment should model that of a work environment, and students need to conduct themselves in an appropriate manner while at school and school related activities.

Asbestos Management Notification

A certified management planner has developed an asbestos management plan for the school district facilities which includes: notification letters, training of employees, a set of procedures designed to minimize the disturbance of asbestos-containing materials, and plans for regular surveillance of the materials. A copy of the management plan is available for inspection in the district business office.

Illness

The school nurse is on duty from 7:45-3:45 each day. If the nurse is out of the building, the high school secretary, the principal, or the guidance counselor may be contacted.

For the safety of all students and the school district, ill students must use a set procedure when checking out of school: 1) obtain faculty/staff permission to go see the school nurse; 2) see the school nurse (or

designated staff); 3) call home to notify parent of illness and action recommended; 4) sign out in the high school office; 5) bring a note to school when returning to verify time away from school.

No high school student is allowed to leave school unless permission has been granted by the school nurse and/or the principal.

Medications

Students may need to take prescription or non-prescription medication during school hours. In the event that student has a reaction or illness, school personnel must know the medications the student is taking. By law, all medication needs to be in a pharmaceutical labeled container and given to and administered by the school nurse. Students must provide written instructions for administration of the medication, as well as parental authorization to administer the medicine. It must include dosage, times and duration, name of physician, potential side effects, and emergency numbers of parents. Medicine will be kept in a locked cabinet.

Non-Discrimination Policy

It is the policy of the North Iowa Community School District not to illegally discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity, and socioeconomic status (for programs) in its educational programs and its employment practices. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy, please contact the district's Equity Coordinator: Keri Bergeson, 7-12 Principal, 111 3rd Ave NW, Buffalo Center, Iowa, 641-562-2525, myer@northiowa.org.

EOE/AA

The North Iowa Community Schools shall not discriminate on the basis of race, color, religion (creed), gender, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its educational programs, activities, operations, or employment opportunities. (Ref. Title VI of the 1964 Civil Rights Act and Title IX of the 1972 Education Amendment).

Inquiries regarding compliance with Title VI or Title IX may be directed in writing to Joe Erickson, Superintendent, North Iowa Community Schools, 111 Third Ave. NW, Buffalo Center, IA 50424.

Multicultural, Non-Sexist Policy

It is the policy of NIHS not to discriminate on the basis of gender, race, national origin, creed, age, marital status, or physical disability in its educational programs, activities, or employment policies as required by Title VI of the 1964 Civil Rights Act, Title IX of the Educational Amendment, and the Federal Rehabilitation Act of 1973.

It is also the policy of this district that the curriculum content and instructional materials utilized reflect the culture and racial diversity present in the United States and the variety of careers, roles, and lifestyles open to women as well as men in this society. One of the objectives of the total curriculum and teaching strategies is to reduce stereotyping and eliminate bias on the basis of gender, race, ethnicity, and/or religion. Respect and appreciation for the cultural diversity found in our country and an awareness of the rights and duties, and responsibilities of each individual as a member of a multicultural, nonsexist society.

Inquiries regarding compliance of Title VI and Title IX may be directed to the superintendent, North Iowa Community Schools, Buffalo Center, IA 50424. Phone (515) 562-2525.

Special Education

The board recognizes some students have different educational needs than other students. The board shall provide a free appropriate public education program and related services to students identified in

need of special education. The special education services will be provided from birth until the appropriate education is completed, age twenty-one or to maximum age allowable in accordance with the law. Students requiring special education shall attend general education classes, participate in extracurricular activities and receive services in a general education setting to the maximum extent appropriate to the needs of each individual student. The appropriate education for each student shall be written in the student's Individualized Education Program (IEP).

Special education students shall be required to meet the requirements stated in board policy or in their IEPs for graduation. (Board Policy 603.3)

Parent's Rights in Special Education

Parents of a child who is receiving special education have the right to

1. inspect and review the child's education records;
2. ask for an explanation of any item in the records;
3. have copies made at a reasonable cost;
4. be informed of locations of records being collected by the district or the AEA;
5. ask for the amendment of any record if considered inaccurate, misleading, or violating privacy rights;
6. request a hearing if the district or the AEA does not voluntarily amend records about which there are concerns;
7. give or with hold consent to disclose your child's records;
8. be told whom information has been disclosed;
9. be informed before information in your child's file is to be destroyed.

504 Rehabilitation Act/Policy

Section 504 of the Rehabilitation Act requires all schools to identify students, employees, and parents who may fall under this ruling. If an individual is deemed to be eligible under guidelines of this legislation, he or she may be allowed certain accommodations in this school to ensure equal opportunity in education, employment, or valid involvement with this educational agency. Exceptions to and waivers for all school policies may be considered and granted based on the individual's meeting 504/IDEA standards or criteria.
