

NORTH IOWA COMMUNITY SCHOOL

Linking Students with Success

December 14

The North Iowa School District has been allocated \$578,105 for Elementary and Secondary School Emergency Relief Fund (ESSER III). The funds are required to be spent from the district cash reserves and will be reimbursed. All funds must be expensed by September of 2023. At least 20% of these funds are required to be used to address learning loss from the pandemic.

At the public meeting in December of 2021 the following plans were presented for public comment and later approved by the school board:

- The district will address learning loss through implementation of Response to Intervention, a scientifically researched intervention system.
- Following air quality studies, the district will use the remainder of funds to improve ventilation through a capital improvement project. The district is replacing unit ventilators, ductwork, and inoperable windows.

If you were unable to attend the board meeting in June, but would like to make comments or ask questions, please contact superintendent Joe Erickson at 641.562.2525.
